

TAUBMANS, WHITE KNIGHT paints by PPG reveal top 7 mini makeovers achievable right now on tax refund budgets

Company's paint experts team with Cherie Barber to inspire DIY transformations

MELBOURNE, Aug 6, 2019 – If there's one upside to the chore of lodging a tax return, it's the nice little windfall that hopefully lands in your bank account as a refund. To help put that bonus to good use, PPG's paint experts have teamed up with Cherie Barber, AUSTRALIA'S RENOVATION QUEEN™, to compile the top painting projects Australians can tick off their wish list using their tax refund.

"Most people wouldn't think to invest their tax refund into something that can potentially make them money, but a little really can go a long way," said Barber. "There are small and achievable updates that can be made to your home or investment property that can also increase its value."

While most Australians shelter from the winter weather indoors, it's a great time to complete small interior painting projects.

"Now is the best time of the year to pick up the paint brush and knock over those interior projects you've had in mind for a while, with the bonus of a tax refund to potentially cover the full cost," said David Nicholls, PPG commercial director, Australia and New Zealand. "The TAUBMANS® Endure interior paint range by PPG is the best choice for interior painting projects."

The paint is approved by the National Asthma Council Australia's Sensitive Choice* program and offers low odour and low volatile organic compound (VOC) emissions, which make it better for people and the environment. It is also the only Australian interior paint backed by a lifetime guarantee+, providing extra peace of mind for DIYers.

Even if the tax office isn't particularly generous this year, \$500 can go a long way toward transforming any room thanks to the power of paint.

\$500 or less tax refund budget

1. Feature wall wow factor

Bring extra personality to any room by painting a bold coloured feature wall. From colour palettes inspired by Mother Nature to top trending greys and those of modern vintage and classic appeal, *Taubmans* paint has the perfect colour palettes to inspire you. A simple feature wall can be achieved for well under \$500 and in less than one day.

2. Living room makeover

Paint is so versatile that it can effectively camouflage any surface, from open-face brick to '70s wood panels and everything in between. All it takes is good surface preparation according to the label's instructions and one coat of *Taubmans* 3 IN 1® Interior & Exterior Sealer, Primer, Undercoat, followed by two coats of *Taubmans* Endure interior wall paint in your favourite *Taubmans* paint colour.

3. Bathroom beauty

Sometimes it's just dated tiles and an ugly vanity that let a bathroom down. Rather than ripping out the tiles and laying new ones at great expense, simply paint over them with WHITE KNIGHT® Tile Paint, which is tintable to thousands of colours. Use *White Knight* Tile & Laminate Cleaner to first remove built-up grease, soap scum and other contaminants, followed by *White Knight* Tile & Laminate Primer for exceptional adhesion and lasting protection against mould, mildew and bacteria. Finish with a fresh coat of *Taubmans* Endure Kitchen & Bathroom paint on the walls in a complementary colour.

6. Kitchen splendour

A tired kitchen can truly be transformed on a strict \$2,000 budget with some strategic updates, starting with a fresh coat of *Taubmans* Endure Kitchen & Bathroom paint. After preparing surfaces using *White Knight* Tile & Laminate Cleaner and *White Knight* Tile & Laminate Primer, use *White Knight* Laminate Paint and *White Knight* Tile Paint in your choice of thousands of colours to transform cupboards, benchtops and tiles. Why not boost the romance factor in the master bedroom with your own take on a 'Boho Scandi' makeover? Use *Taubmans* Endure interior wall paint in a restful tone like *Spring of Ivy*, complemented by a warm white like *Taubmans* Cotton Sheets.
